## Crocker Leads Academy Ball Nine

Star Twirler Hitting the Horsehide at .392—Captain Fletcher Second With .375—English Hangs Up Perfect Fielding Record.

Next Saturday's game with Bulkeley completes the N. E. A. baseball season. At present Crocker leads the batting list with a percentage of .392, with Fletcher second at .375. Crocker played in 15 games, was at bat 51 times and annexed 20 hits. Crocker also fielded well with a mark of .947. English, though very near the bottom of the batting list, did good work at scooping up bunts, being credited with 2 putouts, 29 assists and no errors. Symington took part in six games, made 11 putouts and no errors. Robinson made 18 putouts and but one error, a percentage of .947. Captain Fletcher on the initial sack handled 12 chances, making 3 errors.

## APPEALED TO UMPIRE FOR PROTECTION FROM ABUSE.

Party Left Grandstand Without Interference of Official.

New York, June 11.—An appeal to the umpire for protection from the abuse of a spectator, this being the first time that a big league ball game has been interrupted by a spectator, since the memorable Ty Cobb incident a few weeks ago, was made today by a player of the Brooklyn team during the game between the Brooklyn Nationals and the Pittsburgh Pirates in Brooklyn.

Smith, Brooklyn's third baseman, was the protesting player. The incident occurred during the fifth inning, when Smith complained to Umpire Owens of what he claimed was abusive language being used by a spectator in one of the boxes. Before Owens had chance to appeal to the Brooklyn frater-

nel organization.

## FINANCIAL AND COMMERCIAL.

### NUMEROUS DECLINES.

Stock Market Sensitive to Pending Federal Investigations.

New York, June 11.—With two important federal investigations under way in this city, it is hardly to be wondered at that today's stock market reflected more than a moderate degree of sensitiveness. It is clear from what has already transpired that the inquiry by the congressional committee into the relations of the large financial institutions with the stock exchange is going to take larger scope than was at first believed. This is evident from the fact that several of the leading commission houses have already made operations in the stock market. It is the intention of the investigators to have them appear before the committee and give information relative to recent market operations. This is understood to apply especially to a certain industrial security whose meteoric advance earlier in the year excited considerable cynicism and comment. Disappointment arising from the failure of the United States supreme court to take action before the summer recess over several important cases in which the financial community and investors have a legitimate interest, including the status of the coal transportation companies and the Union Pacific-Southern Pacific merger, added in no small measure to increase the feeling of dissatisfaction prevalent in the various quarters. This was shown in the pronounced advance in the anthracite shares, which registered more material declines than any other active issues excepting American Coal. The greater part of the selling took place in the morning, when Leigh Valley and Reading declined three and four points, respectively, while Union Pacific and some of the grangers sold off one to over two points. St. Paul's fall marking its lowest quotation in five years. There was also heavy trading in United States Steel and other favorite industrial stocks at marked recessions, while some of the last week's strong specialties, notably the tobacco stocks, also reacted sharply. Partial recovery set in soon after midday and further hardening of prices occurred in the last hour, when some issues made up half of their losses, but with recurrent heaviness in Reading, Trading diminished in volume on the slight rebound, with an undertone of extreme caution which has maintained until the dull and rather heavy close. Almost the only marked exception to the general downward tendency was Colorado Fuel, which was active at an advance of 3-1/2 points.

The most interesting news from abroad was contained in the announcement that the German Reichsbank has reduced its rate of discount from 5 to 4 1/2 per cent, the first named rate having been effective since September of last year.

Aside from a movement of domestic exchange against this center, there is no change in monetary conditions, the loss of local banks to the interior being relatively light. Bonds were slightly affected by depression in stocks. Total sales, par value, \$1,932,000.

United States coupon two, the coupon and registered three, and coupon four declined 1-4 per cent, on call.

## COULON-HAYES FIGHT APPARENTLY A FAKE.

Dave Fitzgerald Refused to Referee After Third Round.

New Haven, Conn., June 11.—Johnny Coulon, the bantamweight champion, tonight figured in a fight with Frankie Hayes of St. Louis which was scheduled for ten rounds, but at the end of the third Referee Dave Fitzgerald left the ring, refusing to officiate in what he said was a frame-up. Upon leaving the ring the referee declared that the boys had been taking from the start and that they had refused to fight after he warned them. Chief of Police Cowles ordered the fight to go on and Mike Doherty, the announcer, acted as referee. The boys were fighting a minute Hayes went to the floor. He remained there until the count of eight, but after a couple of seconds went down again, this time being counted out. The fighters were roundly hissed as they left the ring, the crowd being of the opinion that the knockout also was a fake.

## Miss Browning Continues to Win.

Philadelphia, June 11.—Rapid progress was made today in the women's national championship lawn tennis tournament at the Philadelphia Cricket club, the singles being brought to the semi-final round and the doubles in the doubles. Miss Adelaide Browning of New York continued her victorious dash, defeating in the third round, Frederick Schmitz of Englewood, N. J.

## Cutting Defeats Seaver.

Boston, June 11.—The defeat of R. C. Seaver, five times title holder, furnished a surprise in today's round in the second and third rounds of the state tennis championship. C. S. Cutting, a former Harvard player, defeated Seaver in the third round in straight sets, 6-1, 6-2.

## Mrs. C. H. Vanderbeck Won Gold Medal.

## DOINGS IN THE AUTO WORLD

### Danielson Car Takes Wheel From Wagon—Small Town

Hotel Rates Reasonable For Touring Parties—Rules of the Road—Tire Changed in 23 Seconds—New Road Maps For Connecticut.

Touring parties en route from Danielson to Providence are advised to use the "Chepacet" route, which is now the best over which to make the trip. The others are full deep with ruts, rocky and very rough.

On a narrow stretch of road in Canterbury a Danielson garage car was unavoidably clipped a wheel from a rustic wagon, worth not more than \$5. The first threat of the owner of the old car was death by shooting to the occupants of the car. His next proposition was somewhat milder—settlement for \$25. After a conference he accepted a one dollar bill as fair and full payment.

It is not always going to be possible for city motorists to hold up auto tourists for excessive rates. A Boston man who stopped at a Danielson hotel one night recently says
